\*Regency Contour Faceplate or Full Screen Door

- Efficient upgrade to keep the heat in your home
- Large depth firebox adds mimics the style and elegance of a real wood fire
- Heat radiating ceramic glass provides maximum viewing area
- Realistic logs with beautiful flames and platinum infused bright embers

How it Works:

- Controllable heat with up to 50% flame turn down
- Easy access waist height controls
- Whisper quiet variable speed blower to push the heat
- Direct vent technology protects your in-home air quality.
- Operates on natural gas or propane
